How to get certified to use Specialized Service

- Obtain application from ridemetrobus.com or by calling 251.1499, ext. 100. Specific details about the certification process are provided in the application.
- After your application has been received, an in-person interview will be scheduled. The interview may include a physical and/or cognitive assessment.
- Eligibility for Specialized Service is a transportation decision, not a medical one. Determinations are

based not on the presence of a disability, but on the effect the disability has on an individual's capacity to use fixed route bus service. Perceived inconvenience, real inconveniences or simply a desire not to use accessible fixed route bus service, are not criteria for eligibility.

- All applicants determined to be eligible for Specialized Service will be certified for three years. After three years, recertification is required to continue using the service.

POLICIES FOR SUCCESSFUL RIDING

- **Excessive cancels and no-shows result in suspension** — Cancelling 50% or more of scheduled trips in one month is considered excessive and results in seven days of suspended service, effective on the 15th of the month. This policy applies when eight or more trips have been scheduled. To avoid a "no-show," give at least a two-hour notice of cancellation
- **Companions** — One companion may ride with a certified Specialized Service rider if they share the same origin and destination and must pay the proper fare. Additional companions may ride only if there is room. Up to two children (5 and under) ride free with a paid fare. If children, regardless of age, are certified with Specialized Service, they must pay the proper fare.
- **Package limit** — **As many as the rider and companion are able to carry in one trip.** Drivers are only allowed to assist Specialized Service riders with two grocery bags or one cardboard grocery box.
- **Beverages** — must be in screw-top containers to avoid spills.
- **If available, seatbelts are required to be worn.**
